

Student Supply List

I'm so excited to share some of my tips and tricks with you during my workshop at College of Lake County! Below you will find a list of things to bring along for the workshop, please let me know if you have any questions.

For hand building:

- Basic clay tools (pin tool, fettling knife, wire cutter, smooth metal rib, serrated metal rib)
- Tools I really like:
 - Mud tools white finishing sponge
 - Wood tool (something like this: <http://tinyurl.com/l2vc4n9> The top one: TKBAS)
 - Sureform
 - Scoring tool (I like the kemper feather scoring tool)
 - Yellow or red mud tools rib

For Stenciling:

- Photocopies of a few high contrast images you would like to turn into stencils. These can be drawings or photographs, but make sure it's a photocopy so we don't ruin your original!
- A black permanent marker
- A small brush for tacking down stencils
- A variety of brushes for applying slip and/or underglaze (I like 1" wide soft brushes)
- Tweezers

For Sgraffito:

- Soft pencil (6B)
- Scissors
- Photocopies of a few drawings or images you'd like to transfer into sgraffito drawings on clay.
- a pin tool
- A Kemper Wire Stylus (WS)

For Latex Resist:

- A small brush that you won't mind dipping in rubber! Often, you can get them looking like new again, but with repeated use the rubber will work its way deep into the bristles...

Bring a notebook and your camera if you'd like!

If you have any questions, or have trouble finding anything, feel free to contact me at kipokrongly@gmail.com. I'm looking forward to working together!
